Dear Parents & Carers,

Our NAIDOC week of celebrations got off to a great start with an assembly on Monday morning. Aunty Rita Davis gave the ‘Welcome to Country’ as well as officially opening the week. The Koori choir entertained us and our Year 6 Koori kids ran the assembly and did a wonderful job. The High School had a number of its students attend the assembly and do workshops with the children during the day. The children are involved in a number of activities over the week. The theme of the week is ‘We All Stand On Sacred Ground’ Learn Respect Celebrate. A positive message for us all.

Thank you so much to all the parents who have been involved in the interview process. They have been positive and can only benefit your child’s learning. Please make sure you keep this connection with the class teacher going as it has a direct link with the success your child experiences at school and keeps you as a close partner in helping your child to learn. If you have missed out this term on an interview please contact the school to make an appointment early next term.

Our girls’ basketball team continue to impress in the PSSA knockout with a great win over Corrimal East in Wollongong on Monday. The girls are getting close to the final stages of the south coast section of the competition and will host a Wollongong school early next term. Go girls.

Our ‘Academic Challenge’ team competed at Broulee last week against all other schools in our learning community (including high schools) and came second behind Bay High. The Bay High team had mostly our ex-students who won the challenge last year. A great effort.

We have over 60 children who have 100% attendance this semester and they will be treated to the movie ‘Inside Out’ on Friday. Now that is a WOW!

Have a great break, rest up, recharge and come back with plenty of energy to learn and ‘Kick Goals’

Tom Purcell- Principal
Thank you to our breakfast club sponsors. Please support these businesses who support us!!

TERM 2—2015
Calendar of Events
Fri 26  LAST DAY OF TERM 2

You can find out further information and history on NAIDOC WEEK at www.NAIDOC.org.au
As part of our school plan plus our commitment to teacher professional learning and student’s learning outcomes, Stage 2 and Stage 3 teachers are undertaking specific maths training in the Targeting Early Numeracy and Taking Off With Numeracy (TEN & TOWN) programs. Both these programs aim to bridge the gap for students not meeting stage outcomes and are hands-on activity based. This week, eleven Stage 2 & 3 classrooms received maths resources boxes containing a range of resources that students will use daily during maths activities. At a total cost of $3,500 these resource kits will be a wonderful asset for each class and we look forward to seeing some great maths activities and learning take place!

Julia Maley—Maths Coordinator
