Dear Parents /Caregivers,

A huge thank you to the Batemans Bay Soldiers Club for their $5000 donation to the schools ‘Breakfast Club’. The announcement was made at our Monday morning assembly by the Soldiers Club CEO, Paul Biddlestone. This is a great boost for our Breakfast Club. A big WOW to the club for their support!

The excitement is rising as our fete gets closer. Thank you to all the families and friends that have donated prizes. The response has been fantastic. The P&C still need helpers on the day. A second note has gone home looking for volunteers. We hope you can help.

The ‘Book Parade’ is on this Friday. This year we will be holding the parade under cover on our basketball courts. A fun parade that starts at 12.15pm. Please come along and enjoy the parade.

Every child in the school has either ‘Kicked a Goal’ or has a goal for this term. This is very exciting.

This week’s ‘Well Being’ topic is CO-OPERATION. Please talk to your child about what they have been doing in class around this topic as well as learning goals.

Gemma Ferguson and Martika Whitby have both qualified for the state PSSA Athletics carnival in the 100m event. A fantastic achievement and we wish both girls all the best. WOW moment of the week.

Have a great week LEARNING, CARING, SHARING, PLAYING

SOCIAL & EMOTIONAL LEARNING

This week’s values focus is: COOPERATION

This week’s values focus is:

[Image of a banner saying "Cooperation, working together to do more than you can do alone."

It would be wonderful for families to have these conversations at home. Each week we will publish the focus for the week in the newsletter so that families can join in too.

On Friday students from BBPS Robotics Club travelled to ANU in Canberra to compete in Robocup Junior. Our school entered 3 teams in the Rescue category and one in Dance, competing against primary and high schools from the region. All teams demonstrated the perseverance and tenacity that programming for these challenges requires.

Construction occurs at school. For Rescue the competition day is more about programming the robots to utilise sensors in order to be able to successfully complete the course. Failing the course happens constantly on the day and provides rich learning to overcome the new obstacle. Our Rescue teams competed in 5 rounds and could be allocated to any one of six courses, each with its own set of challenges.

The Dance team had 2 rounds where the robot is largely pre-programmed, with any refinements made before the second round. Ariahn, Gemma and Isabella performed “When I’m Gone” with cups and vocals. They were also supported by Robotics Club members and before long, the audience joined in.

Appreciation goes to the BBPS, our P&C Committee, Rob Satherley (volunteer bus driver) and not least Peter Smith who volunteers his time every week to iron out all sorts of nuts and bolts for the Robotics Club.
